## COMPANY PROFILE

佛山市卡斯多建材有限公司（KASTO）是一家专注于高端装饰修边系统解决方案的现代化企业。我们集研发、开模、生产与销售于一体，致力于为全球客户提供精准、耐用的修边条边线产品。

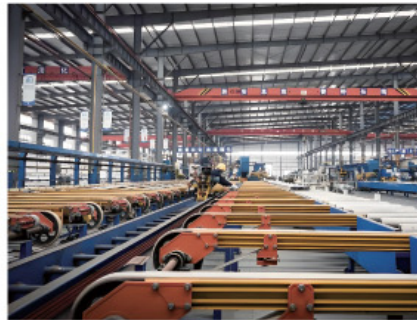

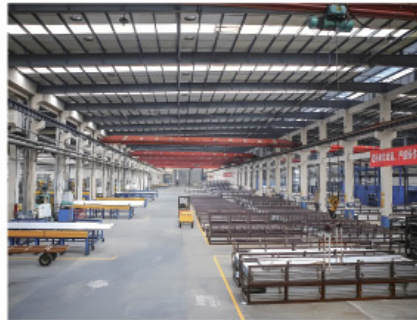

公司配备先进生产线及专业研发团队，秉承“质在精品，量如星辰”的质量理念，建立了从原料到成品的全流程品控体系。KASTO产品广泛应用于集成墙板、石材、玻璃、瓷砖、PVC板、生态板、纤维板、UV防火板等材料的收边装饰，凭借精准的模具技术和稳定的产品性能，成为众多知名建筑装饰项目的指定供应商。

我们始终坚持“专心一致，注重品质”的经营宗旨，以人性化服务理念为基础，为客户提供从产品选型到技术支持的全程服务。KASTO不仅提供优质产品，更致力于为每位客户创造额外价值，成为值得信赖的长期合作伙伴。

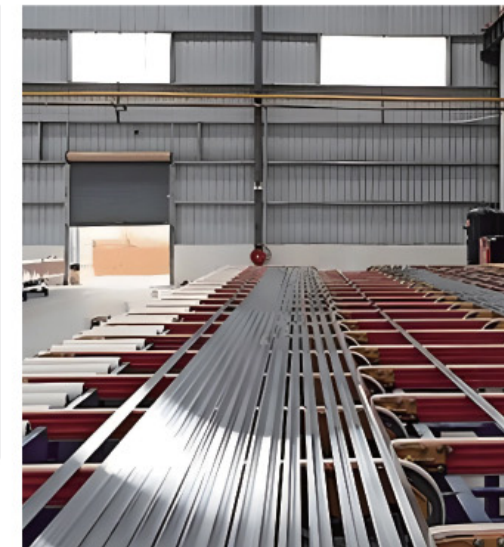

未来，我们将继续秉持精益求精的工匠精神，与您携手共进，用精致的收边细节成就更美好的空间装饰效果。

Production ability

## COMPANY STRENGTH

Backed by robust production capabilities and a strong R&D team, KASTO has grown into a leading enterprise in the high-end decorative trimming industry. All products undergo strict quality control and meet high standards.

With a dedicated and innovative R&D team, the company possesses leading development capabilities, enabling its products to gain popularity both in domestic and global markets. KASTO products are now exported to over 110 countries and regions worldwide, reflecting their international quality and wide recognition.

## ROUND EDGE TRIM

Round Edge Trim is a specialized tile edging profile with a distinctive "R" shape, designed to protect and enhance tiled edges. Its advantages lie in providing a seamless transition between different surfaces, preventing edge damage and offering a sleek, finished look. Widely used in bathrooms and kitchens, the R-shaped trim is particularly effective in high-moisture environments, ensuring both aesthetic appeal and long-lasting durability.

## STAIR NOSING

Stair nosing for tile is a decorative material designed specifically for tile stairs, using high-quality materials and manufacturing techniques, with very high hardness and strength. Commonly used to protect the surface of stairs and prevent damage to the tiles. It can effectively extend the service life. Applicable to all kinds of indoor and outdoor stairs, such as residential, shops, hospitals, schools and other public places.

## PANEL PROFILES-END U

It is a versatile edging profile. Its squared design provides a clean and modern finish to tiled surfaces. Its primary advantages is its ability to protect tile edges from chipping or damage, ensuring the longevity of tile installations. Box-shaped trim is ideal for various applications, including bathrooms, kitchens and commercial spaces, where it helps achieve a sleek and polished look.

## PANEL PROFILES-INTERNAL

It is a tile edging profile crafted to elegantly cover and protect external corners of tiled surfaces. Its advantages lie in providing a smooth, finished appearance while safeguarding corners from impact and wear. Widely utilized in kitchens, bathrooms and architectural projects, external angle trim ensures both aesthetic cohesion and durability in areas where tiles meet external angles.

## SKIRTING BOARD

Specially designed for kitchen use, our internal gluing tile trim keeps counters clean and hygienic by eliminating corners where debris can accumulate. This heat-resistant alloy is ideal around stove areas, while its silicon sealing functions as a water barrier near sinks. The internal trim's robust design helps prevent water and dirt buildup, ensuring a sleek and sanitary kitchen surface.
